

U. S. Gains in First Tariff Agreement

By HARRY KELLY

WASHINGTON (AP)—The United States and 24 other nations have agreed to chop about 20 per cent from tariffs on a wide range of items—from automobiles to Scotch whisky. And U. S. officials said America came out ahead to 3 in the deal.

First reaction to the agreement—which President Kennedy termed highly advantageous to the United States—was favorable. U. S. automakers generally viewed it as a step in the right direction and a spokesman for the European Common Market said "This is a first step toward world liberalization and we must rejoice about it."

Most of the reciprocal tariff cuts will involve the United States and Western Europe's industrial countries. While the reduction on most items will be 20 per cent, in a few cases they range up to 26 per cent.

On the list of major items affected are new automobiles, chemicals, drugs, electrical and industrial machinery, textiles, Scotch whisky, canned fruits, some steel products and glassware.

The United States claims it came out ahead 4 to 3 by figuring this way: The U. S. tariff reductions will involve \$1.2 billion of imports from the other 24 nations, while they have agreed to cut levies on \$1.6 billion of U. S. goods. The figures were based on world trade in 1960.

President Kennedy told Congress Wednesday, in announcing the agreement, that in order to forestall a threatened collapse in negotiations, he agreed last September to lowering certain U. S. tariffs below the levels the Tariff Commission had found necessary for the protection of American producers.

If he hadn't, Kennedy said, the United States would have lost substantial trade in the long run and would have thrown a bar in the way to greater economic cooperation with Western Europe.

The White House said that in addition to gaining greater concessions than it granted, the United States received a promise from the six-nation Common Market to resume talks soon on proposals to lower barriers against American farm imports.

How will the tariff cutting agreements work? As an example, the White House estimated the average American car will cost \$126 less in European showrooms once the lower tariffs—24 per cent in this case—go into effect. The cost of a European car in the United States would drop an average of \$21.50.

Generally, the tariff reductions will go into effect in two stages. The first is scheduled for June 30, the second a year later. A few tariff reductions will be extended over three years.

The agreements were hammered together in a year of hard bargaining in Geneva and Brussels. Kennedy's action was almost unprecedented but he said it was necessary if the United States was to come even close to matching tariff concessions offered by the other countries.

He urged the congressmen to act favorably on his request for a freer hand in negotiating tariffs.

Weather

Total 1962 precipitation through February, 12.13 inches; during the same period a year ago, 7.03 inches.

Experiment Station report for 24-hours ending at 8 a. m. Thursday, High 37, Low 44; trace of precipitation.

ARKANSAS: Cloudy with showers and a few thundershowers this afternoon. Showers and scattered thundershowers and mild tonight. Friday mostly cloudy and slightly cooler. High this afternoon 50 to 60. Low tonight in 40s. High Friday afternoon 40 to 50.

Arkansas Regional Forecast
By THE ASSOCIATED PRESS
Central Arkansas: Cloudy and mild this afternoon and tonight, with a few showers and thundershowers. Friday mostly cloudy and a little cooler. Saturday partly cloudy and mild. High this afternoon in the mid 50s. Low tonight low to mid 40s. High Saturday mid to high 40s.

Northwest Arkansas: Cloudy with showers and a few thundershowers this afternoon. Showers

Seminar on Juvenile Delinquency Held Here

MORE THAN 100 LAW ENFORCEMENT OFFICERS, court officials and others attended the opening sessions of the Juvenile Seminar here today in Hempstead Courthouse.

PICTURED LEFT TO RIGHT: JUDGE BOBBY STEEL, Nashville, presided over the morning session; Mrs. Edmund Cargill, Lewisville, state welfare juvenile probation worker; Mrs. A. J. Crabaugh, Russellville, girls school board of control; Miss Ruth Johnson, director of Arkansas Child Welfare division; Judge Lyle Brown who presided during the afternoon.

BACK ROW: LEFT TO RIGHT: JUDGE CHRIS BARNETTE juvenile judge of Shreveport, La.; Supt. Dean Rowell, Pine Bluff, boys school; Capt. George D'Artes, president of International Juvenile Association, Sheriff's Dept. of Shreveport; Ivan H. Smith, attorney for state department of welfare and Arkansas Attorney General Frank Holt. All took part on the day long seminar.

Oral Polio Vaccine, New Type, Ready

WASHINGTON (AP)—Informed sources said today the outlook is for action fairly soon on licensing of Type III Sabin oral polio vaccine but it is impossible yet to predict just when approval for general use may come.

There have been reports in trade and scientific circles that approval of the Type III vaccine will be announced in a matter of hours or days.

Source in position to know, however, said the only certain thing about the situation is that the vaccine will not be licensed this week.

The Public Health Service is continuing to urge use of the Salk polio vaccine, which is injected by needle.

The Salk vaccine protects against the three identified types of polio. Oral vaccine for protection against Types I and II has been cleared, the lack of Type III vaccine is delaying general use.

The service also is considering the way in which the oral vaccine should be used when all three types become available in quantity. A technical subcommittee of polio experts met recently in Atlanta, Ga., to discuss the situation. It directed drafting a report and recommendations which are expected to be made public soon.

Payment to Receiver in Florida Case

LITTLE ROCK (AP)—Federal Judge J. Smith Henley ordered payments totaling \$17,000 Wednesday for the receiver, attorneys and accountants involved in a multi-million dollar tax case against two Osceola brothers.

Beverly J. Lambert Jr., of West Memphis, receiver for the property of George and Andrew Florida, and his attorney, Wayne Owen of Little Rock were awarded \$5,000 each for salaries and expenses.

Henley also ordered \$1,000 payment to E. J. Ball of Fayetteville, attorney for the Floridas' accountants and \$3,000 to the accountants. Henley allowed \$3,000 payment to Thomas P. Florida, a brother of the defendants, for legal fees and expenses.

Lambert and Owen have received \$15,000 each while Ball has received \$11,000 since property and corporations held by the brothers were placed into receivership in December, 1959.

All allowances are paid from assets of the Floridas, who the government contends owe \$9.5 million in back taxes, penalties and interest.

Their trial is in recess until March 14.

Spring Hill Jr. Play Friday Night

Spring Hill Junior Class will stage a three act mystery-comedy "Lights Out" in the school auditorium at 7:30 p. m. Friday. The price of admission is 25 and 50 cents.

The cast includes: Clinton Kidd, Patricia Butler, Kay Ross, Nancy Allison, Claudine Powell, Jimmy Cato, Farrell Townsend, Jimmy Burns, Kenneth Huckabee, Linda McCoy, Jimmy Applegate. Scott Key is sponsor.

Balloon Will Return for Another Try

ABBEVILLE, Ga. (AP)—A huge balloon sent aloft Tuesday in Arkansas floated down yesterday in a wooded area near this south Georgia community, setting off a wave of curiosity, wonder and in some instances alarm.

The experimental balloon, launched from Hope, Ark., landed a few miles north of here off U. S. 129, about 90 miles south of Macon.

The pilot of a helicopter which followed the big silver-colored balloon told news in nearby Hawkinsville that the balloon would be returned to Arkansas. While refueling in Hawkinsville, the pilot said it would "take" several days to get the balloon ready for shipment. Inflated, it was about 600 feet in height.

A joint project of the Vitro Co. of Maryland and the Navy in conjunction with Princeton University the experiment aims at photographing the earth.

Officials at Municipal Airport in Hope, Ark., said plans were to send the balloon up to 80,000 feet with telescopic and camera equipment. The nature of the first experiment was not disclosed.

More County Roads Added to Highways

LITTLE ROCK (AP)—The State highway Commission in a busy Wednesday session, added 113 miles of county roads to the state highway system, programmed \$1.8 million in new projects and announced it is buying nuclear equipment to test roadway materials.

In addition, the commission awarded contracts totaling \$6.7 million on 10 road and bridge contracts.

The nuclear equipment, which will cost \$7,000 including a truck, is designed to reduce from three hours to three minutes the amount of time needed in testing samples taken from construction sites.

Officials said the equipment will arrive in three weeks and will be used on a trial basis.

The commission added roads to the state system in 19 counties, including a 15-mile stretch from between state Highway 16 at Stark to state Highway 25 at Drasco in Cleburne County.

About 8.1 miles of surfacing and a 328-foot bridge on state Highway 139 south of Mounds in Clay and Greene counties are among new projects programmed Wednesday by the commission.

Also programmed is a \$375,000 project for a new bridge and surfacing of 6.5 miles on state Highway 12 north of Hindsville.

At Wednesday's bid opening, the commission awarded a \$1,867,023 contract to J. B. Michael and Co., Memphis, for surfacing 7.7 miles of Interstate 55 from Upper Sandy Bayou northeastward in Mississippi County.

Auto Tag Contract

CONWAY, Ark. (AP)—J. P. Stoltz, co-owner of the Metal Stamping Co. here, said Wednesday the firm has received a contract for \$119,767 to produce Arkansas' 1963 automobile and truck license plates. Stoltz said the contract calls for 922,000 tags.

JFK Proposing Steps for Joint Space Venture

By JOHN M. HIGHTOWER

WASHINGTON (AP)—President Kennedy is reportedly proposing to Premier Khrushchev a series of concrete steps for joint action by the United States and the Soviet Union to explore and develop outer space for peaceful purposes.

Officials indicated his specific suggestions embrace plans for joint international action on a weather satellite system and the development of communications satellites and deep space probes to other planets.

Disclosure of the new Kennedy message to Moscow came in the midst of preparations here and in foreign capitals for the opening of disarmament talks in Geneva next week.

The timing presumably is designed to stress the Kennedy administration's announced policy of seeking ways in which the United States and the Soviet Union may work together constructively in the interest of better East-West relations.

The President told a news conference late Wednesday that he had just written a letter to Khrushchev putting forward some proposals on the peaceful uses of outer space.

Kennedy expressed hope about the outcome of the Geneva negotiations but refrained from any optimistic predictions.

He said the meeting which is due to open next Wednesday will be extremely important. "I am not making optimistic predictions about its success, but I could make pessimistic predictions about its failure," he said.

Kennedy made it clear that the United States looks to the opportunity for high level discussions at Geneva not only on general disarmament and on nuclear weapons test ban negotiations but also on other problems, including Berlin and the conflict in South-east Asia.

"Anything that can ease relations or anything that can improve the situation in Berlin or in Southeast Asia, of course, ought to be talked about," he said. "That is quite obvious and we should not miss any opportunity."

He said that American negotiators at Geneva, to be headed by Secretary of State Dean Rusk, will have specific suggestions to make on international inspection arrangements. These would be necessary, in the Western view, to safeguard any agreement which could be reached on a treaty prohibiting nuclear weapons tests. He declined to say what the proposals would be.

While he could make possible predictions about the Geneva assembly, Kennedy said, everyone must hope for an agreement that eases worldwide tensions.

To an audience of 385 newsmen and spectators, Kennedy had this to say on other topics:

Summit—He set off a roar of laughter with this response, to indicate he hasn't changed position, when told commentators are saying he is about to eat his words against attending a summit conference without progress on a lower diplomatic rung.

"Well, I am going to have a dinner for all of the people who have written it and we will see."

Unusually Wet But Crops Unhurt

LITTLE ROCK (AP)—It has been an unusually wet 1962, but apparently the rain hasn't hurt crops so far.

The U. S. Weather Bureau said the state has had nearly four more inches of rain above the normal, most of it falling in February. The state received only about two inches of rainfall in January, but almost five inches last month. Thus far in March the fall has been just over two inches.

The Agricultural Extension Service said that with farms now highly mechanized and able to prepare land quickly, the rains thus far have not posed a threat.

In Arkansas land preparation for rice and cotton is usually begun in March, but can be delayed the service said. Planting is generally done around mid-May, after the ground warms up. Soybeans are planted later.

The Service said April and May rains are most damaging to crops.

Hoffa Serves Subpoena on McClellan

WASHINGTON (AP)—Teamsters Union President James R. Hoffa has had a subpoena served on Sen. John L. McClellan, D-Ark., one of his bitterest critics, to appear as a defense witness in a forthcoming trial in Miami, Fla.

The case involves an indictment charging that Hoffa used the mails to defraud in connection with a real estate venture. McClellan said the subpoena was served on him a few days ago in the lobby of a hotel where he resides. He said it demands that he produce in court documentary evidence now in the possession of his Senate Investigations subcommittee.

McClellan said he would check with the subcommittee to see if it approved his appearing in the trial.

McClellan also headed the now defunct Senate rackets committee which repeatedly pictured Hoffa as an ally of underworld figures, and accused him of having sold union members down the river in corrupt deals with employers.

McClellan also headed the now defunct Senate rackets committee which repeatedly pictured Hoffa as an ally of underworld figures, and accused him of having sold union members down the river in corrupt deals with employers.

Drive-in Still for Students Is Destroyed

HUNTSVILLE, Ark. (AP)—A "drive-in still for teenagers," operated from an abandoned school, has been destroyed near here.

Alcohol Beverage Control Board Director Rella Fitch said today his Madison county agent and state police destroyed the still Saturday. He said, they had been tipped that teenagers in the southern part of the county were buying whisky in quantity.

Fitch said the still, a 20-gallon day operation, was housed in an outbuilding at the old Cannon Creek school. The school is just inside the county line of State Highway 165, about 30 miles southwest of Huntsville.

Fitch said the still was only 75 feet off the highway and that a driveway around the building permitted persons to drive up to a window and buy liquor without getting out of their car.

Fitch said two teenagers who had just brought whisky were caught in the raid. He said Elmer Walker, 50, of Cannon Creek was charged with manufacturing untaxed liquor.

All Around Town

By The Star Staff

An issue of the Houston Chronicle recently had a feature story about Mrs. Margaret Roberts, executive housekeeper for the Rice Hotel at Houston. . . Mrs. Roberts has a staff of 126 that takes care of 1,000 rooms. . . Mrs. Roberts was listed as a native of Hope, Ark. and attended Henderson State Teachers College, majoring in English.

Mrs. Laura Vivas of Washington Ark. is among 52 students to be named to the honor roll of the Dean of Agriculture and Home Economics at New Mexico State University. . . she is a senior home economics major, a member of Kappa Delta Pi, Alpha Chi and Colleen.

At State Teachers College, Conway, Ark. (AP)—J. P. Stoltz, co-owner of the Metal Stamping Co. here, said Wednesday the firm has received a contract for \$119,767 to produce Arkansas' 1963 automobile and truck license plates. Stoltz said the contract calls for 922,000 tags.

That huge balloon launched here Tuesday at Municipal Airport was

grounded Wednesday near Abbeville, in southern Georgia, some 600 miles from Hope. . . it will be delisted and returned to Hope for additional tests by Vitro Laboratories of Silver Springs, Md. . . the U. S. Navy in conjunction with Princeton University. . . the preliminary flight was a test and it is hoped next time the balloon can be sent up some 80,000 feet or so to possibly photograph stars and perhaps a planet or two.

See where Horace Kennedy, a well known man in Hempstead, Ark. has announced his candidacy for representative of Nevada County of Kappa Delta Pi. Alpha Chi and Colleen.

The State Farm Insurance group passed one billion dollars in assets in 1961, the combined assets of the five companies were \$1,063,457,997, announced Edward B. Rust, president. . . the group has eight and two-thirds million policies in force. . . local agent for State Farm is Bob Lewis.

Costal Storm Leaves Wake of Destruction

By THE ASSOCIATED PRESS

Coastal areas of seven mid-Atlantic states, many already in ruins from a record winter storm, felt again Wednesday the hammer blows of extra-high tides turned into mountainous waves by violent winds.

At least 29 persons were reported dead along the battered and flooded shoreline from North Carolina to New York. New England escaped major damage as the storm's fury veered out to sea.

Some more high tides and gale force winds were expected for today but, it was hoped nothing to approach those of the past two days.

"It looks like a lumber yard from here (Ocean City, Md.) to Rehoboth Beach (Del.)," said a state police commander of Maryland's Eastern Shore. Maryland Gov. J. Millard Tawes has wired President Kennedy asking that the region be declared a disaster area. Most of the 1,000 residents of the resort of Ocean City fled their shattered homes.

At Bowers, Del., five children from one family were swept to their deaths by flood waters, and two persons still were missing.

Delaware Gov. Elbert N. Carvel estimated damage at \$50 million and he, too, has asked Kennedy to declare his state's coastline a disaster area.

"I don't think the hurricane of 1954 was anything like this," said Gov. Carvel.

Virginia had seven known storm deaths, with damage estimates placed in the many millions.

In all the stricken areas, electric, gas and telephone services were knocked out.

At Wallops Island, off the Virginia coast, high waters caused severe damage to electronic equipment of a National Aeronautics and Space Administration rocket launching station. Damage estimates in the Hampton Roads area is running into the millions.

Virginia Beach officials declared a state of emergency and called in the National Guard, to prevent looting. Local police and firemen, the Navy, National Guard and Civil Defense personnel were operating in many of the stricken areas, as was the Red Cross. Helicopters hovered over the worst-hit sections.

About 250 miles east of Portsmouth, Va., the 215-foot tanker A. H. Dumont had her heavy deck cargo swept into the raging seas.

In the same area a Coast Guard vessel was proceeding to aid a stricken Chinese ship, the Chun Lee.

Also in the Atlantic a Coast Guard cutter stood by the Chesapeake Lightship, stationed 33 miles east of Norfolk. The lightship, with a crew of about 16, had drifted some 25 miles from her position. The craft earlier had reported her forward bulkhead had buckled and her chance of surviving was in doubt.

Britain Cuts the Bank Rate

LONDON (AP)—Britain cut the official bank rate to 5½ per cent today to give a spur to sales and spending. It had been 6 per cent since last November.

It was the third reduction since the government hoisted the rate to 7 per cent last July. Its effect will be to further slacken the clamps on the home economy and boost employment, especially in the building industry, by making money easier to borrow.

Louann Getting a New Industry

LOUANN, Ark. (AP)—A new industry is coming to Louann.

The F-Bee Office and School Supplies Company of Belleville, Ill., announced today in expects to begin operations here by May 1.

Its president, Ernest J. Best, said the Louann plant will have about 50 employees by the first of the year. He said his company will manufacture and print paper supplies to be sold to schools in a three state area.

The company has bought a school building here which is being remodeled for the plant.

When a woman gets past 50, her tripping becomes less light and more fantastic.

JFK Proposing

Continued From Page One

who eats what."

Kennedy said he would attend if some agreements already had been reached, or to avert war or if faced with an extremely dangerous situation. He implied hope that his conditions may be met this spring, but said summits are more likely to disappoint than help without some prior meeting of minds.

Trade — Having a 25-nation agreement to reduce tariffs, Kennedy said further trade expansion depends upon congressional enactment of his program to widen the government's authority to negotiate reciprocal tariff cuts.

B70—It would be questionable, he said, to invest big sums right now in development of this high altitude bomber which would not be ready until 1970, particularly when much of the necessary equipment is not yet available.

Soviet Union—In connection with Khrushchev's orders this week for new measures to increase farm output, Kennedy said there has been no talk of sending surplus food to the Soviets and added he's glad U. S. agricultural difficulties — in contrast — are caused by overproduction.

Nuclear—Creation of nuclear-free zones around the world probably will be discussed at Geneva, he said. But he wondered if they would make much difference when missiles can deliver bombs to targets 5,000 miles away.

Petition to Re-open Plant

LITTLE ROCK (AP)—A bankruptcy trustee for Twentieth Century Foods Corp. at Salem petitioned federal District Court Wednesday seeking to re-open the plant and issue \$60,000 in certificates of indebtedness.

Walter Nesbitt, the trustee, told the court the plant could expect to obtain an average of 100,000 pounds of milk daily for processing, which would provide \$7,700 monthly profit.

"Milk production in the general trade area of Salem is one of its largest industries," Nesbitt said. He warned that if the plant does not reopen by mid-March Salem milk producers would incur "irreparable loss and damage."

William B. Brady of Little Rock, attorney for the bondholders, said the trustee would be able to interest some group in operating the plant permanently if he were allowed to place it into production.

Federal Judge J. Smith Henley scheduled a hearing on the petition for March 16.

13 Killed in Italian Train Accident

CASTEL BOLOGNESE, Italy (AP)—An express train crowded with immigrants from impoverished southern Italy raced into a derailment today, killing 13 persons and injuring 120.

Apparently all the victims were Italians.

Railroad officials said the train should have been traveling at 18 miles an hour but instead was making 55. Police arrested the motorman and his assistant for questioning. The motorman was slightly injured.

Seven hours after the crash transformed the wreck into a twisted mass of wreckage, rescuers said they thought they had recovered all the injured and dead. Many of the injured were in grave condition.

The 10-car express was traveling from Lecce and Bari in the heel of the Italian boot to Milan in the north. Most of the 700 passengers were immigrants moving to industrial north Italy and Switzerland for better jobs and new homes. Castel Bolognese is 30 miles southeast of Bologna.

It was Italy's third major train wreck in just over two months. A total of 73 persons were killed in the other two crashes.

23 Commies Die in Viet Nam Battle

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP)—South Vietnamese forces reported 23 Communist guerrillas were killed today in one operation near the southern tip of Viet Nam. Authorities feared another concentration of Red fighters had evaded 1,500 government troops chasing them in the Mekong River delta.

In the latter operation, in Kien Hoa Province near the China Sea, a U.S. Army helicopter flying supplies was down with engine trouble in a remote region heavily infested with guerrillas. But government troops threw a protective cordon around it and the military command in Saigon hoped to send in a replacement engine.

The government success was reported from the Dam Doi district of an Xuyen Province, near the village of An Tan Long, where the Reds wiped out local defenses a week ago, killing 24 defenders of an outpost and capturing 40 others.

U.S. helicopters had airlifted several battalions of troops to the area, and they made contact with the Viet Cong today.

In the Kien Hoa operation President Ngo Dinh Diem threw five battalions in to flush out a Viet Cong stronghold where a company of government rangers was wiped out in an ambush Tuesday. A military source said earlier that the guerrillas appeared to have begun a big push and that a major battle was raging, but the word today was that the Viet Cong had taken refuge in a vast mangrove swamp along the coast.

A third major government operation was to have been launched by helicopter lift today in the southernmost province, but it was called off because of poor flying weather.

The Viet Cong has been attacking on several fronts, and combined government and Communist casualties during the past 12 days were estimated at more than 1,000. Of seven major engagements reported so far, the guerrillas apparently came off best in four.

Pay TV Trial Operation Given Okay

WASHINGTON (AP)—The U.S. Court of Appeals today upheld authority of the Federal Communications Commission to permit trial operation of pay-television systems.

"It seems to us," the court said, "that unless the future of television is to be confined to its present state, the commission must be reasonably allowed opportunity to experiment" by permitting trial of subscription TV plans.

An opinion by Judge Henry W. Edgerton stated:

"The commission has declared its determination to oversee carefully the form which programming takes under the subscription system. Surely its power to see that this area of the public domain is used in the public interest is not less for paid television than for the existing system of so-called free television."

Judges Walter M. Bastian and Warren E. Burger joined in the Edgerton opinion.

The court rejected protests by Connecticut Committee Against Pay TV; Stanley Warner Management Co.; and others.

U.S. helicopters had airlifted several battalions of troops to the area, and they made contact with the Viet Cong today.

Foundation to Sell More Ford Stock

NEW YORK (AP)—The Ford Foundation has announced plans to sell to the public another huge block of Ford Motor Co. stock.

The foundation said it is preparing to put 2 1/2 million shares of Ford common stock on the market late in April.

At the current market price, the sale would bring the foundation about \$220 million.

This is the fifth public offering by the foundation in the last six years. The foundation is seeking to diversify its huge securities holdings.

The foundation will retain just under 50 per cent of all of Ford's outstanding stock after the planned sale is completed.

The Ford Motor Co. is not involved in the sale.

The foundation during the last six years has divested itself of approximately 19 million of the 46.3 million shares it received from the late Henry Ford and his son, Edsel.

Rumors of the sale spread in Wall Street and Ford Motor common stock was the most actively traded stock Wednesday. More than 55,000 shares were traded. The price closed at \$98.625—off \$3.50 on the day.

The price of Ford stock has ranged from a high of \$117.50 a share to a low of \$63.75 over the last 14 months.

The planned sale which was announced after the market closed.

Court Docket

Municipal Court of Hope, Ark.

March 7, 1962:

CITY DOCKET

Dannie Bobo, Speeding. Forfeited \$11.50 cash bond.

John Phillips, Running red light. Plea guilty; fined \$3.50.

Tom Wardlaw, Running a red light. Dismissed on payment of cost.

Thomas Hebert, L. L. Rowland, David Wm. Mackey, Rex Ellis, Kenneth Ward, Improper parking. Forfeited \$7.50 cash bond.

Junior Lee Reed, Disturbing peace. Treid, found guilty, assessed a fine of \$56.50 and 30 days in jail; jail sentence and \$25 of fine suspended.

Marion Gray, Cecil White. No driver's license. Forfeited \$16.50 cash bond.

Lucille Wesley, H. C. Fulce and Delmer Pipkin, Drunkenness. A plea guilty, fine \$16.50.

Roosevelt Williams, Drunkenness. Forfeited \$16.50 cash bond.

Basil Voss, Drunkenness, Tried; found not guilty.

Sherman Plenary, Improper muffler. Forfeited \$16.50 cash bond.

Mrs. John D. Black, Improper turn in street. Forfeited \$7.50 cash bond.

STATE DOCKET

Ralph William Chaney, False Pretense. Plea of guilty, fined \$71.15 and costs; Fine of \$50 suspended if defrauded persons made whole; defendant to pay cash.

Bertha Scott, Reckless driving. Plea of guilty, fined \$46.15, suspended.

Jessie Parker, Drunkenness. Forfeited \$31.15 cash bond.

Bertha Scott, No drivers license. Plea of guilty; fined \$26.15, suspended.

James F. Higgins, No vehicle license. Forfeited \$26.15 cash bond.

The following forfeited \$46.15 cash bond on charge of overpayment of costs.

Mangum Trucking Co., Colonial Rubber Works, Charles Stewart, Harmony Blue Granite Co., Southwestern Transportation Co., Osburn Inc., Strickland Transportation Co., Texas Quarries.

Wilda Derr, Forgery and Uttering a forged instrument. Dismissed.

McCormack's Popularity at Test

WASHINGTON (AP)—Speaker John W. McCormack's personal popularity with his colleagues gets a test today when the House votes on a bill to increase its membership to 438 from 435.

The bill would give Massachusetts, Pennsylvania and Missouri one more House seat than they would be entitled to under 1960 census figures if the House membership reverted to 435 next year as existing law provides. Massachusetts would still lose one seat and Pennsylvania two. Missouri would recapture its single scheduled loss.

Massachusetts is McCormack's home state and without his backing and prodding the bill probably never would have emerged from committee. It got nowhere last year when Rayburn was speaker.

Thirteen other states losing seats through reapportionment get no relief. To take care of their losses and still provide gains for nine states entitled to more members because of their rapid population rise would require a membership in excess of 500.

The 13 states still in line to lose seats now have 142 House votes, not enough to successfully support amendments to take care of their own losses. They are Alabama, Arkansas, Illinois, Iowa, Kansas, Kentucky, Maine, Minnesota, Mississippi, Nebraska, New York, North Carolina and West Virginia.

assurance made Tuesday that

America will come to aid this

Southeast Asian kingdom in case

of Communist aggression.

TELEPHONE TALK

Fred D. Gray, Wire Chief, Hope, Arkansas

Signs of Spring

Suddenly we look around us and realize spring is almost here. Trees are budding, fruit trees and flowers are blooming, little sprigs of green appearing in the grass in the front yard. If the cool nights and mornings become a little warmer we will be in the beautiful season soon. We have noticed lots of kites being flown the last day or two which is another good sign of spring. If you are talking with some of the business people you will more than likely hear talk of two events which also reminds us spring is near. The Kiwanis Club Minstrel is to be presented soon and also plans are underway for the Poultry Festival. These are two very good events and the people that make these possible are to be congratulated for their excellent work. These and the many more events during the coming year need the support of all of us, that our community may continue to be a wonderful place to live.

Use Two Telephone Numbers

Do you know that you have two telephone numbers? One of course, is your regular local number. The other is your nationwide long distance number. And your long distance number is unlike any other telephone number in the United States or Canada.

The only difference between the two is that your long distance number includes area code 501 plus your local number. For example, the telephone company local number is PR 7-4601. This long distance number is area code 501 PR 7-4601.

You see, some cities today have customer direct distance dialing, and people in those places can dial to your telephone here by using area code 501 and your local number. Even if the person in the distant city places his call with an operator, it will go through faster using the area code.

When you give your telephone number to someone in another city, please be sure to give your complete long distance number, including area code 501.

Of course, when you are calling someone in another state, be sure to give the operator the area code and the distant telephone number. If you don't know the area code, either look it up in your telephone directory, or if it is not listed there, just ask the operator.

When you place a long distance call, it will help us speed your call if you will give the operator the information about your call in this order:

1. The area code of the town you are calling.
2. The telephone number you are calling.
3. The person you are calling (if it is a person-to-person call).
4. Please wait, do not give the operator your own number until she asks for it.

Call by number. It's twice as fast.

There were six members and two new members, Mrs. Myrtle Ward and Mrs. Frances Dallas and one visitor, Mrs. H. T. Faught.

Circle 3 Hostess
Mrs. R. P. Barlow was hostess to Circle 3 of the First Methodist Church in her home on West Ave. D. Monday at 3 p. m. There were 19 members present.

Lenin's Tomb Is Opened in Moscow

By PRESTON GROVER
MOSCOW (AP)—Lenin's tomb was opened to the public again today and a stream of curious immediately lined up in the snow in Red Square to see what had happened.

The principle change was that the big bronze and glass coffin now is squarely in the center of the tomb which for nearly eight years it shared with Stalin.

And over the outside door to the tomb in a stone slab is the one word in Russian lettering "Lenin" where before the inscription was "Lenin-Stalin."

Lenin's body lies with the head toward the Kremlin wall. His head, with its fringe of red hair and red mustache and goatee, is raised by a red pillow.

There is no visible evidence that the body has been touched since the tomb was closed Jan. 24 for repairs to the air condition, as an announcement said.

The tomb was reopened just three days after the 9th anniversary of Stalin's death on March 5, 1953. His body had been put in the tomb March 9, 1953. Both bodies had lain side by side in identical bronze and glass biers until, on the night of last Oct. 31, Stalin's body was taken out and buried before the Kremlin wall in a row with other Communist leaders.

Bobcats Edged in State Tournament

T-BO ROBERTS IS PICTURED LAYING one up at the state tournament at Little Rock yesterday but it was all in vain. The Hope boys were eliminated 50 to 46 in the final moment. The game tied several times in the final seconds and with two minutes to go Hope trailed by only one point. Three free tosses and a basket sealed the Bobcats' doom. For Hope, Hatfield scored 7; Roberts 9; Powell 6; Murphy 10; Russell 13 and Jones 1.

— Star photo

Buy Land for Expressway, P. B. Told

LITTLE ROCK (AP)—A delegation from Pine Bluff was told Wednesday by the State Highway Commission that the city must buy right of way for a proposed expressway through the city.

The delegation, headed by Mayor Offie Lites, indicated the city could not afford to buy the land.

Alderman J. W. Kennedy said the commission could forget the project, as far as Pine Bluff is concerned, if the city is required to buy the land.

The delegation complained that the state had bought land for the Little Rock and North Little Rock Freeway but was told this was done because the federal government furnished funds on a 9-1 basis.

The Pine Bluff job would be on a 50-50 basis, the commission said. The delegation met with the commission to discuss reasons behind a delay in the proposed project. It was told that commission was waiting for the city to provide the right of way land.

The expressway was proposed three years ago.

Delay Hiring Director
LITTLE ROCK (AP)—The state Geological and Conservation Commission had delayed until April 11 a decision on whether to hire a director for the new state Planning Board. Officials said Wednesday the delay was caused by uncertainty over approval of a federal grant.

Largest meat-packing plant in the world is located in Buenos Aires, Argentina.

DOROTHY DIX

Ailing Father Makes Home a Hell

By HELEN WORDEN ERSKINE
Dear Helen: My three children and I live in fear of a cruel husband to whom I've been bound for 16 tortuous years.

From the start my husband chased other women, gambled and drank. Our first baby came the second year. For a time he reformed. Then our two other children were born and he took sick.

Ever since he's been in and out of hospitals. Because of his condition and the kids, I've stayed on but it's been hell. He bullies the children, raves at me and generally behaves like a spoiled brat. Dreadful though it seems, we welcome the times he goes back to the hospital.

Now he's home after a seven months' stay and we fear for our lives. When we can't in all honesty give him the sympathy and pity he craves, he turns into a madman. This tends to undermine the morale of our children. I struggle to make them respectful of themselves and others but it seems all for naught. I fear for our elder girl. My husband forbade her to bring any friends home. This forces her to meet them elsewhere, which is bad.

I told him I was going. He said, "Okay, but you can't take the children." Would it be wise for me to leave them here until I could find a job and make a real home for us all—S.

Dear S.: Obviously your husband is sick mentally as well as physically. Talk to his doctor. Explain what this is doing to you and your children. Ask his help. To leave the children at your husband's mercy would be less than human. Hard though it is, you must stay until the doctor and possibly a social worker in the Domestic Relations Court can make other and more durable arrangements for your husband, you and the children. Your first duty

is to the children.

Dear Helen: I'm a reformed drunkard who is about to lose the great love of his life—his wife! Last summer she fell in love with another man. Three months ago I promised to quit drinking if she'd stay with me and our three wonderful children. I went on the wagon then and there and intend to stay on. My one desire is to atone for the wrong I've done. My wife keeps her own counsel but—I know the other guy has first place in her heart. What can I do to regain her love? —Heart-sick Husband

Dear Heart-sick: Deeds, not words, count. Three months is too short a period for a reformed drunkard to convince anyone—even himself—that he means what he says. I don't blame your wife. Give her time. Meanwhile, if you haven't already joined Alcoholics Anonymous, do so. This alone might change your wife's thinking.

Memo to "Reader": You are not doomed! There is always a way out. The Home for Unwed Mothers nearest to Danville, Va., is Florence Crittenton Home, 563 Oakley Street, Lynchburg, Va. If you prefer going out of the state, write Mrs. Virginia Lee Bennett, Children's Service Society, 576 E. South Temple, Salt Lake City, Utah, and explain that you have no money. She will help you.

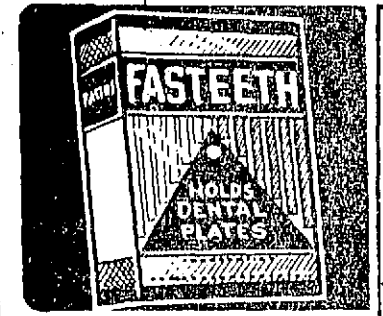

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "Sex Education for Teen-ager."

Thought For The Day

He who sins against men may fear discovery, but he who sins against God is sure of it. -- Jones

Calendar of Events

The Hopewell PTA will present a Talent Program Friday, March 9 at 7:30 p.m. in the school auditorium. Plan now to see "Keeping up with Jones" and other talent. Admission 15 and 25 cents.

The pastor and members of Loneoke Baptist Church will worship with the pastor and members of BeBee Memorial CME Church, Sunday, March 11 at 3 p.m. This service is being sponsored in the interest of the financial drive now in progress at BeBee, by Group No. 4, Mrs. R. D. George captain. Rev. L. T. Turner is pastor.

The Altar Guild Club will meet at the home of Mrs. Persie Turner Sunday, March 11 at 4 p.m. All members are asked to be present and on time.

The Colition Club will hold its regular meeting tonight (March 8) at 8 p.m. in the home of Mrs. E. S. Conway, North Hazel St. All members are urged to attend.

Green Hill 4-H Club met March 5 and elected new officers. The club decided to hold a party on March 17, at the home of Mr. and Mrs. Amos Miller. Dewey Johnson is reporter.

PTA News

The Yenger Shover PTA held its regular meeting Monday at 7:30 p.m. in the study hall with President Carmichael presiding.

After the business session reports were given by Mrs. Emma Edwards and Mrs. G. Williamson from the PTA Congress which convened in Newport. The Yenger Shover PTA won a certificate for having a 10% increase in its membership for the year. In the Procedure Book contest, 1st place went to Branch High of Newport, 2nd to Jones High, North Little Rock; Gibbs High of L.R. and Yenger Shover tied third.

In the next PTA meeting which will be held on March 19, the topic for discussion will be, "When does a child need its parents most, from 1-6 or in Adolescence?" Mrs. G. Williamson, reporter.

Obituary Notice

Funeral service for Mrs. Timmie Cannon will be held Friday, March 9 at 2:30 p.m. at the Church of Christ. Burial will be held in Cave Hill Cemetery with Hicks Funeral Home in charge.

Fishing Around Arkansas Lakes

LITTLE ROCK (AP) - Here is a fishing forecast from the Arkansas Game and Fish Commission: Lake Maumelle: Water clear and normal. Bass fair on live minnows and black jigs with pork rinds. Crappie fair fishing deep with minnows.

Lake Ouachita: Water conditions good. Black bass fair on artificial and live bait. Bream fair on worms. Crappie poor.

Lake Catherine: Water seven feet low. Bass fair on artificial bait and live minnows.

Lake Hamilton: Water slightly low, but in good fishing condition. Black bass fair to good on artificial bait and live minnows. Crappie fair to good on minnows and jigs. Bream fair to good on crickets and worms.

Bull Shoals: Bass fair on twin spins, jigs, oels and dixie trolls. Lake Norfolk: Bass good trolling and casting bomben bait and

Carlton On All-SWC First Team

DALLAS (AP) - Jerry Carlton, senior sparkplug of the Arkansas Razorbacks, was named Wednesday to a six-man All Southwest Conference team.

Tommy Boyer, junior workhorse for the Hogs, just missed the dream squad which included Texas Tech's Del Ray Mounts and Harold Huggins, Southern Methodist's Jan Loudermilk, Texas A&M Carroll's Broussard and Texas Christian's Phil Reynolds.

All six first team selections are seniors. Mounts, Loudermilk, Huggins and Broussard are repeaters from last year's squad. Loudermilk and Mounts were unanimous choices this year.

Reynolds and Carlton tied for fifth place in the voting, creating a six-man squad.

Loudermilk led league scoring with 493 points. Carlton was second with 438. Reynolds third with 420. Broussard fourth with 414. Huggins fifth with 388 and Mounts seventh with 382.

Boyer was the sixth-place scorer with 387 points.

Hopes to Return to Old Swing

VERO BEACH, Fla. (AP) - Wally Moon, who found a hitter's haven in the Los Angeles Coliseum last year, said today he's looking forward to playing in the Dodgers' new stadium at Chavez Ravine because he'll be able to go back to his natural swing.

"It's true I enjoyed some success with that left field screen at the Coliseum," he said, "but that Coliseum swing I adopted ruined me in the other parks. Every time we went to another park I had to re-adjust my swing."

A left-handed hitter, Moon developed what he called an inside-out swing - a delayed stroke that often enabled him to slice the ball over the 251-foot distant left field screen at the Coliseum. He had such spectacular success with it that 14 of his 17 homers sailed over that screen. Plenty of his slices must have bounced off that nearby screen because he batted .382 in the Coliseum as against .266 away from home.

Moon led the Dodgers in hitting last year. His .328 mark ranked fourth in the National League and his 88 runs batted in was the high water mark of his eight year career in the majors.

Lake Conway: Water slightly above normal. No fishing report. Lake Greeson

Bobcats Edged by Springdale in State Meet

LITTLE ROCK (AP) — Four quarterfinal matches are on tap in the Class AA-AAA state basketball tournament here today with Fayetteville continuing in the role of the favorite.

The Bulldogs jumped to their 11th straight victory Wednesday night, downing a game Blytheville squad 66-42 in the final opening round game.

In other Wednesday games, Greene County Tech beat Camden 59-44, Springdale got Hope 50-46 and North Little Rock took an effortless 60 to 26 victory from Benton.

Today, Little Rock Hall goes against Jonesboro at 2 p.m., Fort

Smith and Paragould tangle at 3:20 and in night games, North Little Rock plays Springdale at 7:30 while Greene County Tech tries Fayetteville at 8:50.

Fayetteville, beaten only once in 27 outings this year, hit 56 per cent from the field in dropping the Chicks from tournament contention.

J. D. McConnell with 18 points and Justin Daniels with 17 provided the Bulldogs' scoring punch while Mickey Johnson led the Chicks with 17.

Greene County Tech boosted its record to 24-10 in beating Camden. Tech's victory hinged on the inside play of Jerry Weaver who tallied for 25 points and grabbed 15 rebounds.

Camden scoring was led by Archie Smith and Gerald Wyatt, each netting 12 points.

But it was a different story for Springdale which won on a field goal and three free throws in the waning seconds.

Going into the final minute, Fort Hope trailed 47-46 but Jim Aist

dropped in a field goal and David Finch swished the charity shots to ice the game for Springdale.

Jack Russell scored 13 points for Hope.

The North Little Rock Wildcats, co-Big Nine champs, garnered its 11th straight victory also in Wednesday's victory over Benton.

Benton failed to net a point in the third period after the Wildcats had grabbed a 28-16 halftime lead.

Every Wildcat player broke into the scoring column, paced by Jim Holstead's 17 points.

Terry Kidd grabbed 13 points for Benton.

Odds Stacked Against Kansas State Wildcats

By BOB GREEN
Associated Press Sports Writer

Kansas State, the nation's third ranked college basketball team, has gone as far as it can in a long-shot quest of a spot in a post-season tourney.

But the odds are stacked against the Wildcats, who can only sit and wait.

Kansas State closed its regular season with a convincing 84-60 thumping of Nebraska Wednesday night, running its season mark to 22-2 and its conference mark to 12-2. It also kept alive Wildcat hopes of a tie for the conference title.

They can tie only if Colorado is upset by Kansas in the Buffaloes' final game Saturday. Colorado holds a 12-1 conference record. The conference winner gets one of four remaining spots in the NCAA tournament.

Should Kansas State and Colorado tie, the conference members will be polled to decide whether a playoff or flip of a coin will be used to determine the NCAA tourney team.

Two of the other NCAA berths will be decided Friday. Texas Tech and Southern Methodist, tied for the Southwest lead, have a play-off game in Fort Worth. St. Joseph's and Temple play in Philadelphia for the Middle Atlantic League title. The winner goes to the NCAA, the loser to the National Invitation Tourney.

The final NCAA berth will be resolved Monday in a playoff for the Missouri Valley crown, pitting Cincinnati and Bradley. There, too, the winner goes to the NCAA and the loser to the NIT.

Western Kentucky and Detroit first round opponents in the NCAA major tourney, each suffered upsets in their regular season finales Wednesday night. Marquette beat Detroit 93-92 and Louisville took advantage of poor Western Kentucky marksmanship and came up with an 88-71 victory.

Texarkana Cage Coach Resigns

TEXARKANA, Ark. (AP)—Florence Broom, basketball coach at Arkansas High School here, resigned Wednesday after five seasons at the Big Nine school.

He said he was leaving because the athletic program was unstable and was being de-emphasized.

Broom guided the Razorbacks to the Big Nine championship in 1958 his first year at Texarkana. He coaches at Emerson before coming to Arkansas High. One of his stars at Emerson was Pat Foster, who became a standout for the Arkansas Razorback basketball team.

Earlier this year Texarkana football coach Bill Jurney re-

Chamberlain Limited to 30 Points

By THE ASSOCIATED PRESS

The Boston Celtics, and Bill Russell in particular, need no special incentive to get themselves up for a game with Wilt Chamberlain and the Philadelphia Warriors.

But the combination of their own recent sloppy play and Chamberlain's fantastic scoring gath-

ered itself into one bundle of fury Wednesday night. When the Celtics and Russell were through, the tally showed a 153-102 Boston victory and a defensive show that limited Chamberlain to 30 points, his second lowest total of the season.

Coach Red Auerbach protested the ejection of Tommy Heinsohn late in the first half an referee Jim Duffy disposed of the coach as well. Heinsohn was thrown out of the game for fighting with the Warriors' Tom Meschery.

The Boston victory came in the second game of a Boston Garden doubleheader and moved the Celtics within three wins of matching their record total of 59 in the 1959-60 NBA season.

Detroit overcame a 17-point deficit in the second half and de-

More Money for Fish Research

WASHINGTON (AP)—A House appropriations subcommittee was asked Wednesday by Rep. James W. Trimble, D-Ark., to double the president's request of \$85,000 for fish research on lakes in north Arkansas and south Missouri. Trimble also sought \$190,000 for the Norfolk Dam trout hatchery and backed requests of \$122,000 for a forest service research station at Harrison, Ark., and \$319,000 to acquire properties in Fort Smith for an historical site.

Tested New York 149-112 in the Boston opener. Syracuse, led by Dave Gambee, edged St. Louis 129-126 in the night's other action.

THE REASON FOR THESE UNUSUAL LOW PRICES!

During the last several months, we have enjoyed a most successful business. Doing the volume of business we did, naturally we accumulated hundreds of odds and ends and FLOOR SAMPLES! These odds and ends take up lots of valuable floor space. Merchandise bought at the recent Dallas Furniture Market is arriving daily . . . AND NO PLACE TO PUT IT! . . . so we feel it is good business to clean house . . . dump odds and ends and floor samples regardless of loss! Also, we have one of the largest inventories in our history and need to reduce inventory . . . So the orders were given . . . rip, cut and slash prices right and left on EVERYTHING . . . Get rid of the old stock . . . make way for the new! It's our loss, but we don't mind if we get the job done. Prices so low we cannot afford to run this sale but 9 short hours! Many items actually FAR BELOW WHOLESALE COST! DON'T DARE MISS IT!

Remarks the Little Wife Can't Stand

By HAL BOYLE

NEW YORK (AP)—Husband remarks guaranteed to raise any housewife's blood pressure:

"I don't see what you possibly do with all your spare time."
"What do you want to buy a new hat for? I've just gotten so I can stand your old one."
"Hortense, you can't wear a dress like that. It's not your style. Frankly, it makes you look way too young."

"So what if the dinner does get cold? It isn't civilized to try to make a man rush his martini."
"Don't tell me what the kids did wrong today. I had a hard day myself at the office."

"I realize I haven't taken you any place this month, but after all I took you out twice last month."

"Here's an item in the papers about a wife asking for a divorce merely because her husband used her for a dart board. What's the matter with women today?—are they all turning into sissies?"

"I hear Joe Blofer's wife got a job making \$97.50 a week. To start. Why don't you take a look at the help-wanted ads, baby? Maybe you'll be lucky, too."

"Hey, Hortense, the power mower is busted again. Can you get the pliers and fix it—like a good little girl?"

"Sure, it's okay if your mother spends a couple of weeks with us next month. You and her can have the whole place to yourselves. I'll take my vacation then—and go fishing with a couple of boys from the office."

"You can't get any new shoes this payday. I have to buy me a 'howling ball'."

"No, I didn't forget it was your birthday. I just thought that at your age you wouldn't want me to remember it."

"Tired. How can housewives get tired. All they do is push buttons—and the machines do all their work."

"Sure we can afford a cruise to the West Indies—if your heart's really set on it. Just put aside \$2 a week out of your household allowance, and we can make it in about 10 years."

"No wonder wives get that middle-aged spread. All they do is lie around the house all day taking naps."

"What're we having for dinner. Did you say shish kebab. And tomato surprise. And apple brown Betty with pistachio ice cream. Why can't you ever show a little ingenuity. That's exactly what I had for lunch."

Marker Dedication

BENTONVILLE, Ark. (AP)—Three markers for sites connected with the historic Civil War Battle of Pea Ridge will be dedicated here Sunday, March 11. The sites are the Eagle Hotel, Polts' Hill and Dunagin's Farm. Gov. Orval E. Faubus will be among those laying wreaths at the monuments.

Anthropologists believe proverbs were man's first great attempt at abstract thinking. They place proverbs between magical thinking and deductive reasoning in the development of human intelligence.

Canned Condensed Tomato Soup For Treats Galore

From soup to main dishes... yes, and even dessert (tomato soup cake)... canned condensed tomato soup plays a star role for command performance. It's the rosy red color needed for one... the smooth flavorful sauce for another. Double-dish and double-thick, it's the ideal cooking ingredient. So for treats galore... canned condensed tomato soup... be sure you store.

To show the versatility of this favorite soup, here are a few selected recipes:

Roast Sauerkraut And Pork
4 pork chops (about 1 pound)
1 can (10 1/2 ounces) condensed tomato soup
1 teaspoon caraway seed
1 can (1 pound) sauerkraut, drained (about 2 cups)
Brown chops on both sides; pour off drippings. Add tomato soup and caraway seed; spoon

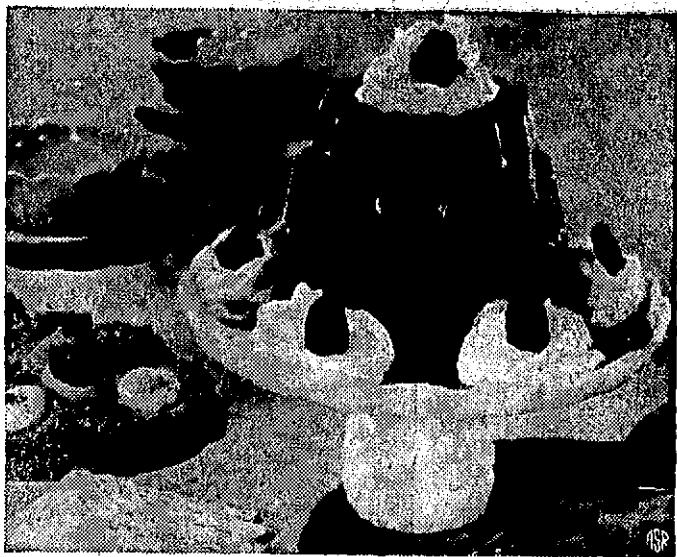

sauerkraut on chops. Cover; cook over low heat about 45 minutes or until chops are tender. Makes 4 servings.

With an accompaniment of applesauce, spice cake and coffee for dessert dinner is complete.

Tomato Butter Bean Soup
4 slices bacon
1 cup chopped onion
1 can (10 1/2 ounces) condensed tomato soup
1 can (15 ounces) butter beans, drained
Cook bacon until crisp; remove and crumble. Pour off all but 2 tablespoons drippings. Add onion; cook until tender. Stir in soup, water, and beans. Heat, stirring now and then. Makes 3 generous servings.

Serve for lunch with crisp crackers to go along and a fruit salad to follow.

Sweet, Simple—And Chocolate!

A beautiful molded dessert has woman appeal... chocolate flavor has man appeal... put them together and you have a dessert that's sure to please everyone. This Chocolate Sponge is just such a recipe... not too hard to make either. And you don't need a fancy mold, since it can be molded in a bowl or loaf pan just as successfully.

Chocolate Sponge Mold
1 square Baker's Unsweetened Chocolate
1-1/2 cups evaporated milk
1 envelope (1 tablespoon) gelatin
1/4 cup cold water
1/2 to 1/3 cup sugar
Dash of salt
2 tablespoons sherry
2 cups chopped nuts
Whipped cream or dessert topping mix
Pecan halves

Add chocolate to milk and heat in double boiler. When chocolate is melted, beat with egg beater until blended. Combine gelatin and cold water in mixing bowl; mix well and let stand to soften. Then add hot chocolate mixture, sugar, and salt; stir until gelatin and sugar are dissolved. Add sherry. Chill until slightly thickened. Place in bowl of ice and water and whip with egg beater until light and foamy throughout. Fold in nuts. Spoon into mold and chill until firm. Unmold and garnish with whipped cream and pecan halves, if desired.

Chapter 28

Her head was occupied with remembrance of the night before. And she helped Addie to dress so abstractly that he stood with one foot in his pants' leg, and inspected his mother.

"You look like something," he announced. "Something happy."

"Don't you remember Aunt Judith and Cousin Jenny are coming home today." She might not be looking forward to it, but Addie didn't know that.

"That's not how you look," he decided finally.

Hilda felt her cheeks get hot, and got up quickly. "Never mind. You finish dressing. It's almost breakfast time."

She knew she should be thinking about Jenny's return, and what would happen then, but, as she finished dressing her hair, she just kept on recalling last night.

Her new happiness, and the possibility of further trouble with Jenny, both soon became very small. No word was received from the yacht, and with a grave face, Uncle George showed her the headline in the evening paper, "Storm at Sea, Shipping Delayed," and beneath it, in smaller type, "Fishing Smack Lost." She tried to reassure him, but he only walked away, with bent head.

They heard nothing for three, interminable days, during which the wind shrieked under the eaves, and the weathercocks creaked, until Hilda began to feel like Mr. Usher in his doomed house.

Addie sensing the tension around him, became a sore trial

to everyone in the house, and Hilda, her nerves stretched to the breaking point, allowed him as much time in the stables as Clarence could endure. On the evening of the storm's third day, Addie rushed to Hilda, bursting with excitement.

"Gee, Momma!" he shouted. "Guess what!"

"Don't say 'gee', Addie," Hilda admonished. "And don't shout like that. I'm not deaf."

"I'm sorry," Addie whispered. "But guess what, anyway." He leaned on her knee. "Clarence is going to be a volunteer!"

Hilda smiled, wondering what tall story the Irishman had invented now. "What's he going to volunteer for?"

"Why, you know," Addie was astonished at her ignorance. "To stop the parade of the bloody-black-Protestants."

"Addie!"

He looked at her innocently and she realized he had no notion of what he'd said. "You mustn't say bloody—at least, not like that. And you mustn't talk that way about anyone's religion." She smoothed his hair. "Don't you know you're a Protestant!"

"Yes," Addie said triumphantly. "But I'm not an Orangeman. Mr. Turner said I wasn't. And Clarence says those bl—those Orangemen can't parade in his city, or he'll know the reason why!"

Orange Day in New York meant nothing to Hilda. She discouraged any more such talk from Addie, and paid little heed to the stories in the newspaper, warning of trouble, and reminding Mayor Hall of last year's riot. Hilda read only of the terrible storm at sea.

At last, on the evening of the eighth, the wind dropped. For a while, Hilda didn't know what was causing the strange silence. Then, she flung up a window and craned her neck. The weathercocks were almost still. She could have cheered, and felt positive they'd hear, any minute now, from the yacht.

But some time went by before Uncle George came to her.

"They're all right," he handed her the message-paper.

The yacht was safe, the message read, but needed a few repairs. They would dock in New York, on the morning of the eleventh.

"Thank heaven!" she exclaimed, wiping away sudden tears. "I'm sorry, Uncle George. It's just the relief."

But he continued to look solemn and strained.

"Don't you think they're really all right, Uncle George?"

"Eh" He gave her a faraway look. "Oh, yes. Thinking something else." He went out of the room, walking heavily. Presently Will came in.

"You've heard the good news, I see," he said.

"Yes, Uncle George told me. She put down her pen. 'Oh, Will, you can't imagine the relief! The things I've been picturing...'"

"I know. I've seen the look in your eyes."

He took her hands. She made the smallest sort of protest, but he held them firmly.

"Hilda, listen. I know I should wait. In fact, I had planned to. But I thought there might not be time when Miss Jenny gets back. So, Hilda, I looked at her earnestly, anxiously. 'I'm asking you, now, to marry me.'"

Hilda didn't know just what she said. She thought it was a mixture of "too soon's" and "how

Neighboring States Use No Mex Labor

By GORDON BROWN

WASHINGTON (AP)—Members of a House Appropriations Subcommittee found it difficult to understand why Arkansas farmers use many Mexican laborers each year while neighboring Louisiana and Mississippi employ none at all.

The matter was discussed during hearings by a subcommittee on Labor Department appropriations headed by Rep. John E. Fogarty, D-R.I. The witness was Robert C. Goodwin, director of the Bureau of Employment Security. The testimony was made public Monday.

Goodwin said Texas, California and Arkansas in calendar 1961 required the largest number of Mexican laborers, in that order, Texas using 117,368, California 98,733 and Arkansas 26,849.

Fogarty asked Goodwin how many are used in Louisiana and Mississippi.

"None," replied Goodwin. Fogarty asked if this might not have some effect on the number used in Arkansas "if we did a better job of compliance" in the state—that is, compliance with Labor Department regulations governing the employment of Mexicans.

He said he recalled that in Arkansas "they complained more about your (department's) standards than any state in the country, as I remember, when you developed some housing and other standards a few years ago."

Goodwin said they had complained. He also agreed when Fogarty said "I thought they were pretty minimum (standards) at the time, but Arkansas certainly complained."

"The housing was in very bad shape," Goodwin said. "And when we made investigations we did get a lot of complaints. We turned down a high percentage of the housing that was inspected and we did have a lot of complaints on it."

Forgarty also noted at one point in the hearings that 92 to 95 per cent of the Mexican workers used in Arkansas were cotton laborers and at a time when cotton is in surplus.

Goodwin told the subcommittee that he is hopeful there will be a substantial reduction in the number of foreign workers required next year.

Benson Will Take Post in Hong Kong

SEARCY, Ark. (AP)—Dr. George S. Benson, president of Harding College and founder of the National Education Program, said Tuesday night he will leave the college at the end of next year to become chancellor of Hong Kong Christian College.

Benson, who has held the Harding presidency for the past 27 years, said the 1962-63 academic year will be his last at the school because of a mandatory retirement.

He will be 65 next spring. Benson founded the NEP which produces films and other articles critical of communism. One film, Communism on the Map, has been labeled a distortion of fact.

This contention is stoutly denied by the program and Benson.

The executive editor of The Reporter magazine, Phillip Horton, once termed Harding College "the intellectual center of all the new right wing movements in the country."

And Socialist Norman Thomas, in 1961, termed the NEP "a more serious threat than the John Birch Society," an ultraconservative organization.

To this, Benson replied, "If he considers we are a threat to the progress and growth of communism, I am honored by it."

Benson said the Hong Kong school is a result of plans he made while on a tour of the Orient in 1960.

Construction is underway and classes will be opened in the fall of 1963, Benson said.

Prior to joining Harding, Benson was a missionary to China for 10 years.

Two Are Killed

HARTFORD, Ark. (AP)—A Hartford mother and daughter were killed Tuesday when their car rammed a 115-car Rock Island Railroad freight west of here in south Sebastian county. The victims were identified as Mrs. Pancy Ford, 60, and her daughter, Lois, 19. Their car was dragged half a mile, officers said.

Muslims believe that God revealed the Koran to the prophet Mohammed in Ramadan, the ninth month in the Moslem calendar. For the 29 days of Ramadan, devout Muslims will fast and abstain from all worldly pleasures in the daylight hours.

could he afford it's." All she really knew was the final answer, which was "yes."

To Be Continued

Winners in Press Contest

LITTLE ROCK (AP)—Mrs. Margaret Woolfolk, editor of the West Memphis Evening Times has been named first place winner in the editorial division of the Arkansas Press Women's Association contest.

Mrs. Charles Lovey of Russellville, chairman of the APWA's contest committee announced the winners Tuesday.

Winners in each division will compete in a national contest sponsored by the National Federation of Press Women.

The winners:
News story: Margeva St. John, Mena Evening Star; feature story: Mrs. Vera Croft, Arkansas Democrat;

Department or page edited by a woman: Miss Frances Cordwell, Sunday edition, El Dorado Daily News; newspaper edited by a woman, Mrs. Margaret Woolfolk, West Memphis Evening Times;

Writing for adults-poetry—Mrs. Maude Halley, Stuttgart Daily Leader;

Photography: news picture, Miss Frankie Yearwood, West Memphis Evening Times; picture page layout, Miss Yearwood.

Radio and Television: program script, Mrs. Vera Croft, radio station MENA.

Oregon contains the largest body of standing timber in the United States.

Picks Assistant

WASHINGTON (AP)—President Kennedy has selected a veteran newsman, Robert J. Manning, to be assistant secretary of state for public affairs.

Manning, 42, will succeed Roger W. Tubby, who has been named U.S. representative to several international organizations at Geneva.

Federal insurance of U. S. bank deposits began on Jan. 1, 1934.

Season's End Anxious for TV Players

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP)—It is of late passing interest to television viewers when Perry Como wants to lighten his working schedule, when ABC debates whether to cancel a series like "Maverick," when CBS is moving its programs around its blueprint of next season's schedule like chessmen in a giant game.

But when you're a performer in a television series, you're going through the end-of-winter anxious days as next year's plans are being made. The decisions vitally affect many careers and bread-and-butter sources.

Comedian Paul Lynde, a popular member of the Perry Como Show cast for the past season, is like so many others—in a typical March situation. Como's next season plans are still up in the air. Lynde is co-star of a projected comedy series which is under consideration for a possible

network spot. He can't make any real decisions about his life.

"Television has been very good to me," Lynde said. "The exposure has been great. But it scares me to realize how fickle those audiences can be. I've seen what happened to comedians—Red Buttons, George Gobel, Martha Raye. One season they're right on top, and the next—nothing. What happened?"

Lynde, whose own specialty is comedy character roles, believes the secret of longevity is to "move along almost blandly—not demanding too much attention, not making too much of an impression."

He'd love to work in his own series. He enjoys working on the Como Show. What he'd really like is to know what he'll be doing next fall—it's the uncertainty that is so hard to take.

NBC picked up the highest rating of the season for its "White Paper" series with its recent report on Red China.

ABC's "The Untouchables" and Robert Stack have been renewed for another season.

Paraguay is said to have had the world's first system of old-age pensions.

Attention Focused on Holy Place

By Jules Loh
Associated Press Writer

Pope John XXIII's selection of Oct. 11 as opening date for the Second Vatican Council "because it links us with the memory of the great Council of Ephesus," focuses attention on one of the world's most interesting holy places.

Many believe Ephesus, Turkey, was the home of both the Virgin Mary and the "beloved disciple" John during their last years on earth.

The Council of Ephesus, of which the Pope referred, was held there in the year 431 and defined the doctrine that Mary is the mother of God. Catholics celebrate the feast of the Divine Maternity of Mary on Oct. 11.

Most Catholic spokesmen feel the Pope selected Oct. 11 mainly because it was an appropriate feast day close to the time when preparations for the council will be complete. Prelates frequently use feast days to announce im-

Luis After 7th Base Stealing Title

By JACK HAND
Associated Press Sports Writer

SARASOTA, Fla. (AP)—Luis Aparicio, Mr. Go Go of the Chicago White Sox, will be shooting for a seventh straight base-stealing title in the American League in 1962. It took Ty Cobb 23 years to win it six times.

"The competition will be good," said Aparicio at the Sox training camp today. "Dick Howser of Kansas City is good. So is Jake Wood of Detroit and Zorro Verasalles of Minnesota."

"If they are going to beat me they are going to have to run plenty because I am running. Al (Manager Al Lopez) gives me the sign to be ready when I think I have the jump."

"I never saw Ty Cobb. Everytime they talk about best ball player they always say Ty Cobb. I don't know if I can win seven times but I am going to try."

Aparicio listed the pitchers who gave him the most trouble, trying to steal a base.

"Whitey Ford he is the toughest one," said Luis. "He has a real good move to first base. So has Bud Daley of the Yankees. Most left-handers have a good move. Of the right-handers the best are Hoyt Wilhelm, Paul Foytack and that new Detroit boy, 'Terry Fox.'"

The best arm among the catchers

"That is easy. Earl Battey. He has a real strong arm. Put Gus Triandos next."

With Tony Kubek of the Yankees in the Army, it appears a cinch that Aparicio will be the All-Star shortstop again in the American League. His manager is his best booster.

"I always said Luis was the best in everything except range," said Lopez. "I always figured Glenn Wright of Pittsburgh had

portant church decisions, merely to add to their solemnity.

But, in light of the emphasis the Second Vatican Council is placing on religious unity, many feel that linking it with the Council of Ephesus was a happy, if incidental, turn of events.

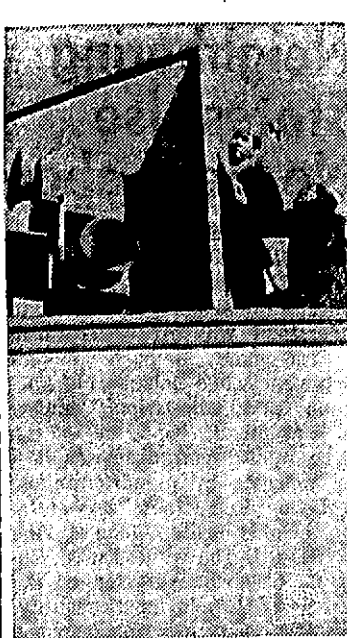

For one thing, the Council of Ephesus was one of the few early Ecumenical Councils whose decisions are accepted by Orthodox and most Protestant bodies as well as Catholics.

In still another vein, linking the two councils in spirit gives this year's gathering an impressive historical perspective stretching back to apostolic times. The Church of Ephesus, which still exists as a Catholic archdiocese, was one of the seven churches of the Book of Revelation. The solemn meeting of bishops held there in 431 was the church's fourth Ecumenical Council; this year's similar gathering in Rome will be the 21st.

Ephesus was one of the most important cities of New Testament times; a thriving seaport and site of the famous Temple of Diana, one of the seven wonders of the world. All that's left today is three square miles of ruins on the eastern shore of the Aegean Sea.

In 1927 archeologists discovered a tomb beneath the floor of a 6th-century Byzantine basilica which some hold to be the burial place of John the Evangelist.

"Though nothing is known from Scripture or early church history about Mary's final years on earth, the tradition that she accompanied John to Ephesus after Jesus' ascension dates back to the fourth century,

COMPROMISE—The Coast Guard is erecting a plywood baffle around its Point Pinos, Calif., foghorn to divert its noise and permit Pacific Grove residents to sleep again. Monterey fishermen want it to stay its own noisy self.

118 Local Girls in Scouting

This year the largest girls organization in the free world — Girl Scouts of the U.S.A. — reaches the half century mark. Hope, known as the Melon Vine Neighborhood, has 118 Brownies and Intermediate Girl Scouts.

These girls are all members of the Conifer Council jurisdiction with headquarters in Texarkana. Special emphasis on Girl Scouting is being placed during the month of March, when the organization was founded in 1912.

Girl Scout Sunday is March 11, and local Girl Scouts will attend the First Baptist Church in a body. They are reminded to wear their uniforms and white gloves; the official dress attire and meet in front of the church at 10:45.

Those in Hope are joining over 5,000 Brownies and Girl Scouts, ages 7 to 17 and 1,000 registered adults in the 15 county Conifer Council jurisdiction in the celebration on the troop level on the community level and as a total council.

Fishing Derby

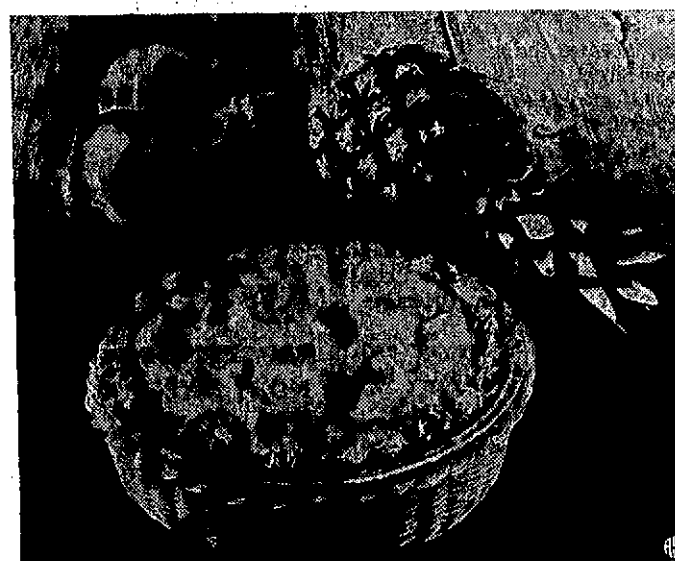

HOT SPRINGS, Ark. (AP)—Fishing competition on Lakes Catherine, Hamilton and Ouachita—with prizes totaling \$5,000—opens the 14th annual Hot Springs Fishing Derby April 13. Daily prizes of \$50 will be awarded for the largest bream, crappie, white bass, largemouth bass and smallmouth bass during the five-day derby.

Workshop Opens

LITTLE ROCK (AP)—The Arkansas State Board of Nurse Examiners opens a two-day workshop here Thursday to discuss meeting the needs of patients. The meeting is expected to be attended by over 100 delegates and will be conducted by Dr. Ethel J. Alpenfels, professor of educational anthropology at New York University School of Education.

the best range of any shortstop I ever saw. But Luis has learned to go deep in that hole and throw out a man, just like Wright. I would have to say Luis now is the best I ever saw."

Ambrosia Pie Food Of The Gods

The luscious flavor of canned crushed pineapple and orange blend beautifully in this fluffy, melt-in-your-mouth pie filling. It's piled into a tender coconut crust that's easy to make, then chilled to set. So delectable and elegant, it's rightly named ambrosia—food of the gods.

Pineapple Ambrosia Pie
1 (9-ounce) can crushed pineapple
Orange juice
1 envelope unflavored gelatin
3 eggs, separated
1/2 cup sugar
1 teaspoon grated orange peel
1/2 teaspoon salt
Coconut Crust

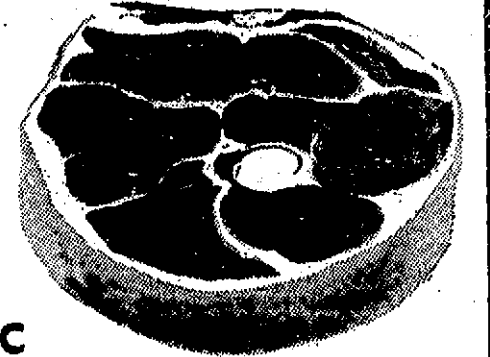

Drain pineapple thoroughly. Measure syrup and add enough orange juice to measure 1/2 cup liquid. Soften gelatin in 1/4 cup fruit juice. Beat egg yolks; stir in remaining juice and 1/4 cup sugar. Cook over hot water, stirring constantly, until thickened. Add orange peel, salt and gelatin; stir until gelatin is dissolved. Cool until syrupy. Beat egg whites stiff; beat in remaining 1/4 cup sugar. Fold egg whites and pineapple into gelatin mixture. Pile into coconut crust. Chill to set.

COCONUT CRUST: Thoroughly mix together 1 1/2 cups flaked coconut and 2 tablespoons soft butter or margarine. Pat evenly into 9-inch pie plate. Bake in slow oven (300 degrees F.) 15 to 20 minutes or until golden. Cool.

A Few Facts in Health, and Science

By THE ASSOCIATED PRESS

Some hints for resetting your alarm clock, the question of whether an insect thinks, and sparks from the surface of the moon are subjects for Science at Work.

To Sleep, Too Long

Most folks can get along on only six hours sleep a night—and the same goes for spacemen, an Air Force study claims.

The study also finds some other interesting points about sleep.

It's hard for anyone to perform critical jobs well when they have been working on a 24-hour-awake schedule.

When you do sleep, sleep for at least two hours. And then, for best results, don't perform monotonous jobs continually for longer than two hour periods.

Under conditions of stress,

schedules should not be more severe than two hours on and two hours off.

Thinking Insects

Ever wonder what a mosquito thinks as it sinks its feeding proboscis into your arm, and you raise your hand to retaliate?

Well, it's unlikely that insects have any individual consciousness, as we understand it, says Dr. R. E. Snodgrass of the Smithsonian Institution. They are apparently governed by some sort of incomprehensible and unconscious instinct—not like human or animal instinct either.

The queen or mother apparently governs insect societies through some sort of transmitted instincts, which do not leave the subjects of the colony individual freedom, Dr. Snodgrass suggests.

Science has yet to define what this insect instinct is, and how it operates, but many feel that it must exist. It is hard to imagine insects as mere machines when you scan their varied activities, Dr. Snodgrass adds. It would be like imagining automobiles driv-

Bases May Be Complete Fall of 1963

By BILL SIMMONS

LITTLE ROCK (AP)—The Central Arkansas Titan II missile program should be completely operational by the fall of 1963, Col. James M. Bleyer, commander of the Site Activation Task Force said Monday.

Bleyer, who commands the detachment at the Little Rock Air Force Base, said all 18 missile complexes had passed from the first stage of construction, and some were well into phase two.

Bleyer took newsmen on a tour of the sites and explained the progress of the program.

The first phase consists of digging the hole, clearing the site and coordinating preliminary labor.

The second stage involves final mechanical work, electrical plumbing, completion of the underground blast locks and cableway.

When that is done, Bleyer said, Martin Marietta Co. will proceed with the installation of the 102-foot missile. The rocket will be fitted in three sections—stage one which is 70 feet long, stage two which is 32 feet long, and the warhead. When the rocket is fueled and ready for launching, it will weigh approximately 150 tons. Once the missile is installed, engineers will return the area to its

natural topography. The only sign of the complex will be its massive steel and concrete door, which weighs over 550 tons. The door, which consists of eight sections welded together, will be rolled away before launching.

The Air Force probably will receive the first completed complex around June, with others to follow at intervals thereafter.

The silo will contain a shock absorbing system which allows the missile to maintain itself through all but a direct hit, and a sound absorbing system which will keep the rocket from disintegrating under the pressure of the sound of its own blast off.

The Titan II is a refined, but as yet untested version of the Titan I. The second model is capable of speeds of more than 15,000 miles per hour, can hit a target over 6,000 miles away, and carries enough liquid fuel to run an automobile for an estimated 30 years. It rests in firing position in the silo, which extends 155 feet into the earth. The titan is the continental Ballistic Missile Defense punch of America's Inter-

Brothers May Oppose Each Other

EL DORADO, Ark. (AP)—Unless one withdraws, brothers John Hargett, 53, and E. W. Hargett, 57, will oppose one another in this summer's race for the state representative post from Union County now held by James A. (Jim) Pomeroy.

John Hargett, a carpenter and Baptist minister. He filed last week for the post. E. W. Hargett, also a carpenter and Baptist minister, filed Monday. Pomeroy announced several weeks ago he will seek re-election.

John Hargett said his brother had told members of the family that if he (John) ran, he would run also to split the vote.

E. W. denied he was opposing his brother for personal reasons. He said his friends have been trying to get him to run for years, and he already had made arrangements to run.

John Hargett said his brother had told members of the family that if he (John) ran, he would run also to split the vote.

E. W. denied he was opposing his brother for personal reasons. He said his friends have been trying to get him to run for years, and he already had made arrangements to run.

Interest Rates Being Juggled

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—How much will cost you to borrow and how much you'll be paid to save may change come spring.

Interest rates already are being juggled. Up till now it has been largely the saver who has been affected, as competing institutions raised the rates of what they'll pay him.

Their aim is to get more money to lend. And competition was the cause of the increase starting in January, in what they'll pay for savings. The changes so far have been largely to bring the rewards of various forms of saving more in line with each other.

But to pay the increased rates to savers, some lenders may be raising lending rates. This could come along with spring if that brings the hoped for increase in business activity and home building.

This is one of the ticklish situations facing the Kennedy administration. It wants to keep short-term interest rates high—to hold money in this country and prevent another run on our gold supply as in late 1959, when interest rates were very low here compared with European money centers.

Washington also would like to keep long-term interest rates from rising much. This is to make it easier for business to borrow to extend its activities and enlarge its plant and to encourage home builders.

News that California savings and loan associations are set to raise their rates of payments to savers will be watched closely in Washington. West Coast interest rates already are higher than in most sections of the country. The great demand for funds there has led the West to offer higher rates to lure funds from other money centers.

What Washington fears is that if these associations pay out still more for funds, they'll start charging more on mortgages to be able to meet the outgoing payments.

That is a form of dear money the administration hopes to avoid as an obstacle in its quest for a greater rate of economic growth. Higher mortgage costs could cool the ardor of many would-be home owners in the spring. And just how big the home building will be is already doubtful enough.

Many bankers say the threat of higher mortgage costs is quite small. They say that in most parts of the nation there are ample funds for mortgage needs and that interest rates have been soft, if anything.

They tend to regard any increased payments on savings on the West Coast as a sectional thing.

Dinah Shore to Divorce Her Husband

LOS ANGELES (AP)—Dinah Shore says she wants a divorce. That's about all she does say. Her suit for divorce from actor George Montgomery was filed Tuesday. Her complaint was brief.

So was her press agent's announcement: "Miss Shore has filed for divorce. A property settlement has been reached, and an agreement has been made concerning custody of the children."

The brief complaint charged Montgomery with mental cruelty, but gave no details.

It requested that the children—Melissa Ann, 14, and John David, 7—be placed in Miss Shore's custody, with Montgomery granted visitation rights.

Miss Shore's attorney who said, "The couple has agreed to keep all the details private." Newsweek couldn't locate Montgomery. Miss Shore was out of town.

The dearth of details from the principals didn't crimp speculation. Sample tidbits:

"The property settlement will probably run into the millions. Miss Shore, 44, makes about \$10,000 a week. Montgomery, 45, has been grinding out lucrative adventure films and has his own furniture factory. Their home near Beverly Hills is a half-million-dollar showplace.

"If the suit is as dull as the complaint, Superior Court will be missing a spectacular show. The fan magazines have splashed stories linking Montgomery with starlets half his age. He and Miss Shore have denied any romances.

A quiet suit is planned. It will be in a downtown court in about a month, and predictions are that Miss Shore will explain the end to 18 years' marriage this way: career conflicts kept them apart. Beyond that—no comment.

News Conference

WASHINGTON (AP)—President Kennedy plans to hold a news conference Wednesday at 3:30 p. m. EST. The White House said there had been no requests from television or radio networks to carry the conference live.

Re-enlisting Was a Big Step

EL CENTRO, Calif. (AP)—Sailor Frank Moncreiff took a big step when he re-enlisted—about 6,000 feet.

He stepped out of a plane flying at that altitude Tuesday. So did Chief Warrant Officer Lewis T. Vinson. As they fell, Moncreiff handed Vinson a balloon. In it were his re-enlistment papers.

At 2,500 feet the men opened their parachutes and descended.

Guernsey School Honor Roll Listed

In a marker on the desert. There an enlistment officer signed Moncreiff on for six more years.

Moncreiff, 20, has been in the Navy seven years, most of it as an underwater demolition team member. He is now assigned to a Navy parachute exhibition team at El Centro Naval Air Facility.

Vinson is the group's jump master.

Daniel Boone is said to have traveled as far west as the Yellowstone Park area.

Guernsey School Honor Roll Listed

Oris Thornton, Supt. of Guernsey School, announces the following students who made the "A" honor roll for the fourth sixth week: First Grade, Mike Arnes; Second Grade, Linda Rosenbaum; Third Grade, Kay Clayton; Fifth Grade, Kay Coleman; Seventh Grade, Rodney Bobo; 10th Grade, Carolyn Powell.

The following students were placed on the "B" honor roll for the fourth sixth week: Second Grade, Jimmy Brown, Randy Bobo, Johnny Crude and Gary Daugherty; Third Grade, Debbie Rosenbaum, Kaye Rosenbaum; Fourth Grade, Bonnie Bobo and Thomas Norvell; Fifth Grade, Ray Bradshaw, John Porter and James Simmon; Sixth Grade, Wayne Norvell, Kathern Coleman, Shirley

Rosenbaum and Katy Stambird; Seventh Grade, Janice Ravenscraft; Eighth Grade, Donnie McIver and Bonnie Melver; Ninth Grade, Jane Black and Kenneth Coleman; Eleventh Grade, Melba Evans, James Griffin, and Lesley Stephens.

Animals are heavy fish eaters in Saskatchewan, Canada. The province's 10,000 lakes yield 19 million pounds of fish a year, of which 6½ million pounds go to fur farms for feed.

Golden Gloves to Be Crowned

CHICAGO (AP)—Champions in all eight divisions of the National Golden Gloves Tournament will be crowned tonight.

A card of 24 bouts—including semifinals—will be presented in Chicago Stadium with 32 fighters from all parts of the nation fighting to win championships.

Also to be decided will be the team title. Toledo, with 18 points and five boxers in the semifinals,

holds the lead. Lowell, Mass., is second with 13 points but has only three fighters in the running. Chicago, Cincinnati and Fort Wayne have 12 team points each and a chance for the title.

Underground Test

WASHINGTON (AP)—The Atomic Energy Commission has fired another underground nuclear shot of low yield at its Nevada test site. Low yield is the equivalent of about 20,000 tons of TNT. Monday's shot was the 19th announced in the current series.
